Movements of the Japanese.

The Japanese Embassy yesterday forenoon opened ore of presents intended for the Government of d States. These are represented to be of the aterials and most elaborate workmanship, exbeauty what even the highest estimate had Japanese taste and skill. These presents yet in charge of the Embassy. Subsequently to yment they critically examined a number of United States patterns, which had been brought aspect, and with which they were well pleased. was made upon them by Mr. Von Limburg. ident Minister from Holland to the United France, leaving their cards. A complimentary was made on them by Mr. Von Coulebrouk, the

Minister. highly interesting interview took place yesterday moon between the three physicians of the Embassy four scientific gentlemen of the city-Dr. Evans. Stimpson, and Drs. Holston and Lincoln. The rview lasted two hours, and many valuable facts were ation in public hospitals. Unlike what prevails vation in public hospitals. Unlike what prevails the Blood is vitiated and striving to rid itself of corruption.

Helmstreet's Hair Restorative. As evidence of the increasing popularity of this celebrated Bemedy, and proof the most convincing that it is the only reliable article manufactured for restoring grey hair to copy the following from the Saratogian:

IT NEVER FAILS .- The most satisfactory results are always obtained by the use of Heimstreet & Co.'s Inimitable Hair Coloring or Restorer. It is the oldest preparation of the kind, and has triumphantly won for itself the name "inmilable," in spite of all the attempted imitations which have followed its introduction. The long array of names in our advertising colums of those well known in our vicinity, who have used it with complete success and commend it in unmeasured terms, is sufficient to prove its real value and its intrinsic excellence. We commend it to our readers. Price fifty cents and one dollar a bottle.

Molasses, # galion. 752,542 Total, May 18th, 1860. \$75 REWARD. RUNAWAY from the subscriber, three negro men, viz: JACK, JESS and JOE. JACK left on the first of March last; he is black

rather hump shouldered, and has large eye balls, low built. JESS is light colored, is very well built, and is chunkey. When he left he had a mustache, wore blue clothes, carrying with him some dark clothing. He is about 26 or 28 years old. I bought him in Richmond, Va., about seven years ago. He has some education and can read.

JOE is slim built and straight, very tall, of a light complexion, has a scar on one or both feet, occasioned by cuts from an axe; wore off a brown yarn coat with black velves collar. He is about 23 or 24 years old. The two latter, Jess and Joe, left on the 12th of May, inst. They are probably trying to pass themselves off as free or some white person may be assisting them off. REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING MAY 23RD, 1860.

TURPENTINE—Since our review of Wednesday last the market has ruled firm, and prices remain unchanged. There has been a steady demand from both shippers and distillers, and all received has changed hands at 2 75 for new tillers, and all received h

Rosin-During the week just ended the market for all grades has ruled exceedingly quiet, and the transactions have been principally confined to the finer qualities. The arrivals have been quite light, and there is only a small stock of all kinds on market. We quote sales for the week of 671 bb's. at \$2 75, \$3, \$3 25, \$3 50 a \$4 for Pale, as in quality, and \$1 50 a \$2 for Opaque-all per bbl. of 280 lbs. For No. 1 only a light demand has existed, and the sales comprise a few small parcels (about 275 bbls.) at \$1 50 to \$2 25 per bbl. No enquiry for No. 2 and the market is decidedly dull; nominal at \$1 20 to \$1 25 per bbl. For the Common article the market has ruled unusually dull, and been almost entirely neglected since our last. On Thursday last a lot of 900 bbls, afloat (clear of extra) sold at \$1 12½ per 310 lbs. Since then nothing has been done that we can hear of and the market closes in an unsettled condition. There is but little arriving, and there is only a small stock on market, the bulk of which is in the bands of distillers. We are unable to give a correct figure, and therefore quote nominally at \$1 10

to \$1 15 per 310 lbs. TAR-After closing our review on Wednesday last, the price declined 15 cents, and sales were made at \$1 85 per bbl. The market continued at this figure up to Monday, when it further declined 5 cts., and has since ruled at \$1 80. The arrivals for the week have been light, and the sales reach only 420 bbls. at \$1 85, and 447 do. at \$1 80 per bbl .closing at latter price, with a moderate demand from ship-

BEEF CATTLE AND SHEEP-The market continues to b very poorly supplied with both, and prices rule high. For beeves there is an active demand, and butchers have scarcely enough on hand for immediate use. A lot of 20 head (ordinary quality) was received a few days since, and sold at 8 cents per !b. We quote at 8 to 10 cents, as in quality—the latter price only for an extra article of stall fatted.— SHEEP are also wanted, and few or none have been brought to market during the past week. Sell readily at prices ranging from \$1 50 to \$2 50 each, according to quality.

BARBELS—There has been rather more enquiry for empty Spirits Turpentine barrels for the past week or two, and the Spirits Turpentine barrels for the past week or two, and the market shows more firmness; owing, however, to the small receipts, and the reduced stock offering sale, but few transactions have taken place. We quote second hand ones at prices ranging from \$1 25 to \$1 50 for lots as they run, and \$1 80 to \$1 85 for selected, as in quality; and new at \$2 to \$2 10 each—cash and time.

Corron—Under the advices from abroad the market except the small but ground from fresh Spices, selected and cleansed by us expressly for the purpose, without reference to cost. They are beautifully packed in tinfoil, (lined with paper,) to prevent injury by keeping, and are full weight, while the ordinary ground Spices are almost invariably short. We war rant them, in point of strength and richness of flavor,

BEYOND ALL COMPARISON, \$2 10 each—cash and time.

Corron—Under the advices from abroad the market ex-

tations, especially in the lower grades. We quote sales as

follows: Wednesday 35 bales at 10½ cents for middling; Friday, 477 do. at 6½ a 10 cents for stained, 10 1-2 cents for low middling, 10½ cents for middling, and 11 cents for strict middling; and Saturday, 75 do. at 11 cents for strict and 11½ cents per lb. for good middling. Eince Saturday there has been a moderate demand from buyers, but for the want of stock no transactions have taken place. Scarcely any has been received during the week, and there is but little at present offering sale. We quote the market as closing firm

Coffee-For some weeks past no change has taken place in the price of this article, and the market rules quiet .- Worth; with mdze. There is a moderate supply in dealers hands, and the demand is principally for retail lots. See table for store prices, in quantities as wanted.

CORN MEAL—Is in fair demand for retailing purposes, and we note only a light supply on market. We continue to quote at 95 cents a \$1 per bushel from the granaries. DRIED FAUIT-There is scarcely any demand at present for this article; there is, however, but little arriving, and only two or three small lots are on market. We quote apples at prices ranging from 3½ to 4½ cents, and peaches at 8 a 10 cents for peeled, and 6 a 8 cents per lb. for unpeeled, according to quality. Eggs-Are wanted, and sell readily at 18 a 20 cents per

FEATHERS-Continue to be brought to market slowly, and are in demand; sell readily at 45 to 55 cents per lb. FISH—Are in light supply, and nothing doing except in the retail way. See table for store prices. FLOUR-The market for State brands rules about the same as reported in our last. The stock in first hands has become

quite light, in the absence of receipts worthy of note for the past two or three weeks, and consists principally of small parcels; it is, however, fully adequate for present uses, as retailers do not seem disposed to operate to any Steamer North extent unless at lower prices. The sales during the week have been confined to a few small lots at \$7 25 for superfine, and \$7 50 for family; - at the close of our review sellers generally are holding at \$7 374 for superfine, but no sales have taken place at this ngure.

GUANO -There is a fair enquiry for nearly all kinds, and the market is moderately supplied. We quote sales from store at the following prices, in lots of one ton and upwards: Peruvian \$60; Reese's Manipulated \$50; American \$40; Sombrero \$35; Superphosphate of Lime \$50, and Land

GRAIN-For Corn the market remains without material change. The stock in dealers' hands continues fully fair for M. Clark. the season, and there appears to be but little enquiry at present, still a few cargoes of prime quality would meet with ready sale at fair quotations. A cargo of 1400 bushels was received on Monday last and changed hands on terms not made public - believed, however, at 84 cents per bushel. No receipts or sales since then, and we therefore quote the market as nominal at 81 a 84 cents, as in quality. PEAS-There is a moderate supply of Cow in dealers' hands, and the demand has become somewhat checked ;-parcels find ready sale, however, at 85 to 90 cents per bushel. Clay are in light stock, and are wanted for planting;—a lot of 60 bushels sold from store a few days since at \$1 15 per bushel. OATS Continue in moderate stock, and merely a retail demand exists. No sales except in the small way from store, and consequently we are unable to give a correct quotation.——RICE—The market is fairly supplied with clean, and rules quiet at former rates. There is only a light demand from the trade, and we quote small transactions at

4 cents per lb. in tierces. HAY-There have been no receipts of either Northern or Eastern make since our last review, consequently we have | 74 bush. pea nuts, 5 bales yarn, 8 do. cotton, 2 bbls. mdze., no sales to report except in the small way. The market is a boxes and 5 bbls. old copper. 18—Steamer North Carolina, Barber, for Fayetteville, by rather poorly supplied, and at present there is a fair demand from dealers. We refer to our table for quotations, which

may be considered as merely nominal. Lime—Is in moderate supply, and we notice merely a re-tail demand. Former receipts are selling from store at \$1 a \$1 10 for common lump, and \$1 35 a \$1 40 per cask for white. Rae & Co.; with 2,250 bbls. naval stores. MOLASSES-In the market for Cuba we have no change to report as regards prices. There is merely a retail demand at present, and we notice a heavy stock in first hands.—
On Monday last we notice the arrival from Cardenas D. McRae & Co.; with 1,836 bbls. naval stores. of two cargoes comprising 648 hhds., 24 tcs., and 27 bbls., which have been landed, and selling from wharf at 26 cents | Adams, Bro. & Co.; with 1,806 bbis. ros in lots of 5 hhds, and upwards, and 28 cents per gallon for

POTATOES-Irish are in moderate request, and the market is very poorly supplied. Selling from store at \$2 50 per bbl. PROVISIONS-For N. C. cured Bacon the market remains about the same as last reported. There is little or none arriving, and the supply in first hands is about worked off; there is, however, but little demand existing, and retailers have a sufficient stock on hand for present wants. In the look and 2 bbls. fur.

Schr. E. D. McClensi absence of receipts the sales for the week consist of only one or two small lots at 111 a 12 cents for hog round, and 13 a & B. G. Worth; with 33 bbls. spirits turpt., 99 do. rosin, 133 134 cents per lb. for hams—highest figures being paid for an extra article. The market is moderately supplied with Western cured, and, in the absence of the usual demand, has ruled decidedly dull. We quote only small transactions from | mont. store at 9 a 94 cents for shoulders, and 11 a 114 cents per lb. for sides, as in quantity and quality.—LARD—The supply of N. C. make has become somewhat reduced in the ab-Salt-There is merely a retail demand for both Liverpool

ground and Alum, and although the stock on market is rather light, it appears to be fully adequate for present wants. No receipts or sales, and we refer to our table for store quotations, as in quantity. SHINGLES-There is but little demand for shipping pur poses, and the market continues to rule quiet. Small sales of Common at \$1 75 to \$2, as in quality. On Saturday about 50,000 Contract sold at \$5 per M.

Timber—We have nothing new to notice in this article.— There is a fair demand from miners for prime quality of shipping, and high prices are easily obtained; inferior, however, is difficult of sale, unless at low prices. The sales for the week comprise 15 a 20 rafts, at prices ranging from \$5 to \$10 75 per M., cash and time. See table for classified FREIGHTS-For coastwise the market rules exceedingly dull, though we have no change to report in prices. Country produce arrives sparingly, and there is but a small quan-

tity offering for shipment-scarcely enough for the vessels now in port. See table for last prices paid. DR. A. & J. SMALL, Operative and Mechanical Dentists.

THANKFUL for the uncommonly liberal patronage already received from the people of this county, Dr. A. SMALL has associated with himself his brother, J. SMALL, whose merits as a Dentist, to be appreciated only require to be known; and they are determined to perform every operation as well as it is in their power to do it, and to deserve the confidence of all. Those so situated that they cannot come to town, can be accommodated at their homes by dropping us a note.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and nclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its of my head and threatening to make me bald.

was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it. For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration
